

NEW LIFE CHILDREN'S HOME

Our Precious Girls

We are so thankful for these precious girls the Lord has trusted in our care. They all come to us for various reasons and with different issues and problems. We love seeing their

lives change and their smiling faces with the love of Jesus. Please pray with us for them specifically by name: Yanela, Carolina, Kiera, Rita, Gabriella & Cielo. Their caregivers are Katty

and Ashley. They do a wonderful job caring for these children's daily needs and teaching them about Christ. We are so thankful for the godly staff that we have working with us.

Jose Francisco--this precious 7 yr old boy was found wandering the streets alone at night. This was not the first time the police had found him, but this time his mother was nowhere to be found. We are so excited to have him as a part of our NLCH family!

Family news: Thank yo so much for your continued prayers for our family. Thank you all for praying for Mike's mother. She has had a great report from the doctor and we Praise the Lord for that!

We've taken in several more children recently and look forward to showing them the Love of Christ...that every child deserves. But we need your prayers. Even though we are a non for profit ministry in

Peru and the government continues to call us almost weekly to help them by taking in more abandoned and orphaned children, they give us no financial, medial, or educational assistance. These responsibilities fall upon our family. Because of the Peruvian laws concerning religious residential carnets now, and our need for more support, we are dividing our furlough again this year. We do this by spending part of our time in Peru and the other here raising support. If you would like f or us to visit your church while we are in please let us know by contacting us at mkinperu@yahoo.com. Thank you for your faithful prayers as we reach these children for the Lord.
