

# New Life Children's Home

MAY 2017

*Rita has been adopted! Praise the Lord for giving her her forever family!*

## Abandoned and without hope...

Can you imagine living in a situation as a young child where you felt like nobody wanted you? Not your mother, father, aunts, uncles... nobody at all. This is the situation these 2 precious children found themselves in. Their mother did not want them and was constantly leaving them home alone. Instead of going to school Anna, 9 years old, was left at home to take care of her younger brother Sebastian, 2 years old. When she came home after being gone all day if she didn't think Anna had done a good enough job taking care of her brother she would beat her. Please be in continued prayer for these children as they adjust to life here at New Life. They were living a life without hope, but with your help and sponsorship we can show them His love and hope in Christ.

Praise the Lord for a risen Savior!! We had our traditional Easter egg hunt at the Children's Home. We colored eggs, had the Resurrection story and then had 20+kids scrambling around trying to find eggs. We also had a special egg hunt for the workers of the home. We love being able to share these special times with these precious kids!
